Dear Patient

I would like to thank you for the trust you have placed in me over the years as your physician. Taking care of you, your family, and loved ones has been an honor for my staff and me. Your continuing health and wellness are a priority to us.

To everything there is a season... so after 42 years of serving good people like yourself, I am closing both of my Illinois medical offices. The Chicago office will close on September 22, 2023, and the Olympia Fields office on September 26, 2023.

I am retiring and moving to be near my daughter. If I should be seeing patients in the next year in Indianapolis, I will let you know.

**It is important that you continue appropriate local medical care, therefore, you should establish contact with another physician as soon as possible.**

To help you find another doctor, please check out the following suggestions for a physician that best suits your needs:

The closest Osteopathic physician to the Chicago office who does manipulation is Allan Olthoff, D.O., 2600 S. Michigan Ave. #210, Chicago, IL 60616 (312) 623-3007.

For resources about other doctors, including many more who practice in the suburbs, please check the links below:

If you have not selected a new physician by September 26, 2023, you can obtain acute, critical, or emergency care at your local emergency department/hospital.

A HIPPA-compliant authorization form is necessary to release a copy of your medical records to you or your new physician. Please complete the form and return it as soon as possible. On receipt of the signed form, my office will forward a copy of your medical record to you or your new physician. Please rest assured that our office will remain available until September 26, 2023, to consult with your new provider to promote a smooth transition and continuity of care. (Link below.)
